## FOR IMMEDIATE RELEASE

### Board of Works & Public Safety Approves No Turn on Red at North Broadway & 7th Street Traffic Signal for Northbound Traffic.

January 7, 2026 — The City of Peru Board of Works & Public Safety approved and implemented a NO TURN ON RED traffic restriction at the signalized intersection of North Broadway and 7th Street during its meeting on Tuesday, January 6.

**The restriction applies to northbound traffic on North Broadway turning onto Ewing Street.** Motorists are now required to wait for a green signal before making the turn. Appropriate signage has been installed and the restriction is currently being enforced.

This change was enacted to improve traffic safety and traffic flow at the intersection. We ask motorists to remain attentive, obey posted signs, and allow additional time while adjusting to the new traffic pattern.

For questions or additional information, residents may contact the City of Peru Mayor's Office or the Peru Police Department.
