Side Sidewalk Square feet: _____

City match \$2.50 per square foot (\$1,000 max): _____

Corner Lot? Yes ___ No ___

Name of Contractor/Company performing work:

: _____

Concrete sidewalks must conform to following criteria to qualify for match program:

- Minimum 4 inches thick
- 4,000 psi or higher concrete
- Wire mesh
- Cannot create a trip hazard (1/4-inch difference in height or more)
- Control joints every 4 feet

- Must match adjacent sidewalk height
- Meet local, state and federal regulations

Framing must be inspected by City of Peru Building Commissioner or agent before placing concrete. At this inspection, the Building Commissioner or agent will issue an inspection report. The inspection report must then be turned in to the City for reimbursement. **NO REIMBURSEMENT WILL BE MADE WITHOUT THIS INSPECTION REPORT.**

_____ I understand and agree that any and all local, state, and federal ordinances, law or regulations must be followed on all work performed within the scope of work to be reimbursed with grant funds.

_____ I understand that all contracts for work are strictly between myself, the property owner, and the contractor performing the work.

_____ The City of Peru has in no way induced me to use any specific contractor and I have, under my own voluntary and free will, selected the contractor of my choice.
