

There have been questions coming in about what is going on down around the old Schneider Electric building. They are currently doing ground soil samples and boring holes. If you would like more info, please reach out to the Mayor's Office (765-472-2400) and we can get you in contact with Duane Wanty of Schneider Electric or IDEM to ask those questions.

All the documents that are posted on the Indiana Department of Environmental Management (IDEM) can be found at this link:
